Abd-ur-Raffae Masood

Full-Stack Developer | Ruby on Rails | ReactJs | AngularJs | MySQL

Sargodha District, Punjab, Pakistan

Summary

As a Full-Stack Developer at Sprint Synergy, I am responsible
for the end-to-end development of web applications, specializing
in both front-end and back-end architecture. On the front-end, I
develop responsive user interfaces with ReactJS and AngularJS,
creating elegant and functional designs with Tailwind CSS. I also
push the boundaries of traditional web experiences by integrating
interactive 3D models and animations using React Three Fiber.
On the back-end, I built robust solutions using Ruby on Rails,
Node.js, and Express.js, effectively managing data across MySQL
and PostgreSQL databases. I am committed to quality, which I
demonstrated through rigorous testing with React Testing Library,
and a collaborative professional, using Git for version control and
actively participating in daily stand-ups and sprint planning to ensure
successful project delivery.

Experience

SprintSynergy
Full Stack Engineer
December 2023 - Present (1 year 10 months)

- Engineered and delivered responsive, high-performance web applications
using React.js, while ensuring clean and modern design with Tailwind CSS
and custom styling.

- Developed robust full-stack solutions by leveraging backend technologies
including Ruby on Rails, Node.js, and Express.js and managing data with
MySQL and PostgreSQL.

- Integrated immersive 3D models and interactive animations into user
interfaces using React Three Fiber to create rich, engaging digital experiences.

- Ensured application quality and reliability by performing both manual and
automated front-end testing with tools like React Testing Library.

- Collaborated closely with cross-functional teams using Git/GitHub for version control and actively participated in agile rituals like daily stand-ups and sprint planning.

- Created seamless API integrations with backend services and managed real-time data flow, while documenting components and workflows to support team collaboration and knowledge sharing.

Education

University of Sargodha
Bachelor's Degree, Computer Science · (2021 - 2025)

ILM College
Intermediate, Fsc pre-engineering · (2019 - 2021)
